An Introduction to Alchemical Manifestation

What's good fool!?

Did you ask permission?

Hopes and dreams don't make money.

They want a yes man.

I have nothing to say.. You need to grow up.

Don't tell them that, they will think they cannot control you.

Don't be an accountant, be a rockstar.

What makes you any different than them?

There is no conspiracy.

I mean, we could just be in like, a torture matrix.

OOOoooh my gosh, I see you! I hear you! I'm coming!!!

What's Good Fool!?
